REMARKS: Mr. Saunders has asked for some more supplemental statistical information regarding workload of I&S for support of the estimates included in the supplemental budget for I&S. I have worked out a form for use in this connection which I believe includes the pertinent information. It will be appreciated if you can have this completed and returned to me as soon as possible. There is a possibility he may want a monthly report similar to this, but I'll discuss that with you at a later time.
